Rev. 10/2020

The Next Generation of Vacuums

Our full line of rugged, powerful vacuums offer a choice for any application with any budget.

Our new & improved vacuums are more durable and maintenance free than ever.

An industry first: Our AR-500 steel fan blades offer 3X's the wear life compared to the competition.

Our vacuums are portable, versatile, and high production to reduce labor time and increase profitability.

The industry's highest rated, heavy duty, wet/dry Vacuums with **Cutting Edge Cool** design features.

Cool Vacuum Accessories

Our Cool Vacuum Savers are the answer to vacuum machine damage. Attic insulation contains objects impossible to avoid, causing catastrophic damage to the fan, chamber, and engine. The Vacuum Saver is an inline device that catches machine damaging objects before they reach your vacuum. Simply connect the unit in the suction line, in front of the vacuum, and continue with your job.

VS-XL:

- **Dimensions (LxWxH):** 94cm x 51cm x 71cm
- **Weight:** 44.5 kg
- Designed for use with large, double in-line vacuum systems.
- Large access door allows the unit to be cleared of collected debris.
- Wheel package making this unit even more mobile while hooked-up
- Process shutdown required for emptying.
- Includes standard wheel package

VS-Eco:

- **Dimensions (LxWxH):** 73.7cm x 33cm x 73.7cm
- **Weight:** 26.8kg
- Designed for use with all gas vacuums.
- Economical solution to protect vacuum
- Large access door allows the unit to be cleared of collected debris.
- Process shutdown required for emptying.

Hose Reels

Hoses & Fittings

Filter Bags

Vacuum Wands

Cool Diverter Valve

=

Non-Stop Vacuuming!

Divert fiber stream to an empty bag while the operator changes the full bag.
